INFORMATION FOR CONTRACTORS NO. 1

Question:

*Please confirm which **catalog number** from the official product page below corresponds to the item you need.*

Answer:

The reference number of the reference product is NIN0064 **NanoAssemblr™ Ignite and Ignite+ cartridges**

The reference products indicated in the description have been used as an aid to identify the composition of the product. If a product with equivalent characteristics is offered, the Contractor is obliged to submit, together with the offer, a detailed specification which should clearly show that the offered product has the same or better-quality parameters than those specified by the Ordering Party.
